

# I was just going down the runway when suddenly I was in the Grass

Ever since the first powered aircraft was flown the most perplexing and yet necessary task an airman must face is landing and taking off with a cross wind. Loss of control continues to be one of the top two accident related failures we airman face. We'll discuss options, training, and decision making that will assist you in facing this challenge.

**Directions:** From Highway 2 on the North Side of Williston, ND, go to the Williston Airport Main Terminal area. To the Left or South of the Terminal you'll find Landmark Aviation. For parking, follow the signs.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
